1. Norman Paul advised that Representative Walter Judd had telephoned him concerning one [] who was looking for employment with the Agency. 4. Mr. Earman telephoned to advise the Director did not wish any decision to be made on furnishing a tabulation of NIEs to Robert Smart, House Armed Services Committee. Mr. Earman and I agreed that the work probably should be completed and then discussed further with the Director. Mr. Sheldon will be advised.

5. Attempted to meet with Representative William H. Ayes (Ohio) concerning a constituent letter inquiring about the Edmondson article on CIA. In his absence talked with his assistant, Fred Steuber, who readily understood that CIA was not in a position to comment constructively on an article of this type. He indicated he was going to prepare a letter to the constituent indicating that the constituent should understand that the Congressman would not be able to furnish detailed information on a matter of this kind.

Remarks: 5/2/59 GG-1 Attached is an excerpt from the FBIS book on the USSR and East Europe containing a Warsaw broadcast which referred to the fact that Charles Edmundson's article in the magazine <u>Progressive</u> was reprinted in the <u>Congressional Record</u> . I believe the Director would be interested in this in connection with the insertion in the <u>Record</u> of similar materials by Senator Morse as they appeared in the magazine <u>National Guardian</u> . The <u>Progressive</u> article referred to in this broadcast was placed in the <u>Record</u> by Congressman <u>Byron L. Johnson</u> and was sent to the Director in February.
